Dear Alison

The Local Planning Authority have today completed and submitted the Appeal Questionnaire, however a number of documents failed to load to the case management system due to exceeding file size limitations because of quantity.

One of the parts relates to public consultation responses where there are in excess of 300 files, does the Inspectorate allow WeTransfer files? Or do we need to send multiple email attachments?

The appellant has been copied into this email for reference and we will endeavour to get a copy of all documents across to the appellant tomorrow (18.04.2024) via WeTransfer again due to size and quantity.

Kind regards
