### **YOUR COMMENTS ON THE CASE**

Dear Inspector,

Please consider the impending food security issues that the UK Government has acknowledged with the release of a campaign encouraging the public to store dried foods and water. I pose the question: in a time of need, would you prioritize food or electricity?

Regardless of the soil grade, food can be grown. While it may not produce a record-breaking yield, it could prevent children from starving.

The loss of this land , to create personal wealth is immoral.
